Breeze membership Terms & Condition

Initial registration is free and there are no additional membership fees. In order to receive all the benefits of the membership, all information that you submit should be current and accurate. After applying for our membership program, you can immediately begin to accumulate points. 2% of each purchase total (before tax) will be saved into your account. In order to receive your points, you must tell the cashier the last 4-digits of your phone number (and verify your name, if needed) before you make your payment. If you tell the cashier your phone number after the transaction is completed, we cannot guarantee that we can apply that purchase towards your account. Once your account accrues 5 dollars, you will be able to use the money towards future purchases. Our membership points cannot be redeemed for cash, and can only be used for purchases at participating locations. Points cannot be transferred to family members or to any other membership account. Points may only be redeemed with photo identification. Breeze Bakery Café is not responsible for any unauthorized usage of points by any third party. If your membership account is inactive for over 1 year, any and all points may be voided and cancelled without notice. If there are any changes to your personal information, you should notify an employee to update your account so that you may continue to receive Breeze membership benefits. If you wish to withdraw from the Breeze membership program, please contact a Breeze manager and your account will be cancelled and your information and points will be purged. Under Breeze Bakery Café discretion, the membership program, as a whole, may also be canceled without notice to customers. All rights of this program belong to Breeze Bakery Café, INC.
